

Hand Held Digital Thermometer

Description

Hand held digital thermometer with dual type K inputs.

The IHDITK is an easy to use hand held digital thermometer for use with type K thermocouples. Capable of displaying temperatures from -50 to 1300°C, it has a dual input that accepts miniature thermocouple connectors for display of T1, T2 or (T1-T2). The unit is °C/°F selectable with maximum reading/display hold functions and includes a protective rubber boot.

Features

- Dual inputs
- -50 to 1300°C measurement range
- Auto power off
- Display of T1, T2 or (T1-T2)
- Large 3 ½ digit display
- Supplied with a beaded type K thermocouple and case

Application

- For use with hand held thermocouples
- Duct temperature measurement
- Portable testing and calibrations

Specification

Product	Dual Input Hand Held Digital Thermometer
Type	K thermocouple
Measurement Range	-50 to 1300°C
Accuracy	± 0.5% rdg+1°C
Resolution	1°C or 0.1°C
Reading rate	2.5 times per second
Connection	Mini type K plug
Battery	Standard 9V
Part Number	IHDITK
