

Pipe Clip Thermocouple

Description

Jubilee style adjustable thermocouple used in the surface temperature measurement of pipes.

This range of thermocouples is designed for maximum contact of pipes for direct and permanent temperature measurement. They can be easily installed and replaced and are available in various sizes to suit a range of pipe diameters. Supplied in type K, J or T these thermocouples have a grounded junction for direct temperature measurement and a 2 metre 7/0.2mm diameter stranded, fibreglass insulated, stainless steel over-braided extension cable with 50mm tails

Features

- Type K, J or T thermocouples
- -100 to +400°C temperature range
- Grounded junction
- To suit pipe diameters 13-20mm, 20-30mm, 30-50mm, 50-100mm, 150 – 300mm

Application

- Pipe Temperatures
- Circular Surfaces
- Fixed Applications

Made in the UK 

Specification

Product	Pipe Clip Thermocouple
Type	K, J or T
Temp Range	-100 to 400°C
Junction	Grounded
To suit pipe diameters	13-20mm
	20-30mm
	30-50mm
	50-100mm
	150 – 300mm
Lead wire	7/0.2mm st/st over braid
Material	Stainless Steel jubilee clip
Termination	Stripped wires or optional plug
Part Number	TSJUB
